OUR STORY

About Turismo Apparels

Who We Are

Turismo Apparels is a fully integrated garments company headquartered in Mirpur DOHS, Dhaka, Bangladesh. Established in 2020, we operate as a professional buying house, in-house manufacturer, and sourcing agent, offering complete apparel supply chain solutions for global fashion brands.

What makes us different:

Unlike companies that only manufacture or only manage orders, Turismo Apparels combines both capabilities. Our own manufacturing facility and network of compliant partner factories allow us to manage different product categories, order quantities, and delivery requirements with complete flexibility.

The buying house advantage:

As a dedicated buying house, we handle every stage of the order process, including factory communication, production planning, quality control, compliance monitoring, export documentation, and shipment coordination, providing buyers with a smooth and reliable sourcing experience.

Our manufacturing strength:

Our in-house production capability gives us direct control over quality, timelines, and efficiency. From cutting and sewing to finishing and packing, we ensure every product meets the approved standards and buyer expectations.

Our commitment:

At Turismo Apparels, we are committed to building long-term partnerships through transparency, professionalism, and reliable service. By combining Bangladesh's manufacturing expertise with international business standards, we deliver excellence in every order.
